Other Important Information

Celebrating Dr. Ursula Franklin

The last planning meeting for the memorial for Dr. Franklin will take place on Tuesday, September 20 beginning at 5:30 p.m. in the Library. All are welcome.

School Advisory Council

The first school advisory council (SAC) meeting will take place on Tuesday, September 20 beginning at 7:00 p.m. in the Library. All are welcome.

Student Announcements

A request has been made that such things as athletic team try-outs and Enrichment Wednesday Session sign-ups be posted on our website.

The school feels it is important that high school students take responsibility to listen to daily announcements for student team and club meeting times, and use their agenda book to maintain personal organization. Teams and tryout times are also posted outside the physical education office on the way to the change rooms should an announcement be missed.

Sign-up times for Enrichment Wednesday Sessions are posted electronically on the Wednesday site student login page. Again, we are striving for personal responsibility and organization on the part of the student to know when the site will open, and to sign-up for their sessions. There in fact is a “countdown clock” for the students to see when they log in. Sign-ups always take place during the school day so that everyone has access to a computer, as well as access to teacher support for any sign-up issues. Students are advised to browse unit options in advance, and are reminded through daily announcements when sign-ups will take place.
